

Motherhood

Wholehearted Children, Wholehearted Mother Part 1

Sally Clarkson

In this encouraging talk, Sally gives ideas for how to fill a child's heart, soul, mind, and strength. Which area do you want to focus on cultivating this month?

Children need identity.

Children need focused time.

Children need home to be nourishing like a mission station.

Children need to be taught about God.

Children's brains need to be cultivated.

Children need opportunities to serve.
