## **Ingredients:**

2 or 3 small scoops of vanilla gelato - or any kind of ice cream you prefer

1 shot of espresso coffee - or strong coffee (freshly brewed and warm)

A pretty bowl or glass to serve in

optional toppings: candied pecans, chocolate almond pieces, caramel, or chocolate syrup - really anything you like!

\*\*\*This tastes like Tiramisu and takes 2 minutes to make!

## **Instructions:**

Place the scoops of ice cream in the bowl/glass that you want to treat yourself with, then pour over the warm espresso / coffee. Drizzle with optional syrups or crumbled nut topping. Enjoy with a friend or with family!
