

Sally Clarkson

A new school year is a natural time to reflect on life and plan how you will grow. What you are investing in is what people will draw out of you. Where do you need to add margin to your life?

1. How are you going to grow closer to the Lord this year? What regular commitments do you need to add? Bible studies, podcasts, godly friendship?
2. Love is the oxygen that gives life to our spirits every day. How are you loving the people around you?

Read Romans 12: 9–18. Make a list of the characteristics of love mentioned. What does love do? What does love NOT do?

Choose one characteristic to focus on in yourself this year.

3. How will you seek first God's kingdom this year?
